A restaurant shall also be eligible for licensure under this subdivision (27)(A) if the restaurant is only open for four (4) days a week, the restaurant serves at least one (1) meal a day at least four (4) days a week with the exception of holidays, vacations and periods of redecorating, and at least fifty percent (50%) of its annual gross sales must be derived from the sale of food. For purposes of calculating the percentage of food sold by a restaurant, the sale of beer and alcoholic beverages, including all non-alcoholic beverages mixed with alcoholic beverages, shall not constitute food.

SECTION 4. Tennessee Code Annotated, Section 57-1-211(a), is amended by designating the existing language as subdivision (1) and by adding the following language to be designated as subdivision (2):

(2)(A) Each licensee that holds a bar license under § 57-4-201 shall post, in a prominent place near the main exit to the licensed premises, in a place and manner that may be easily seen by its customers leaving the premises, a warning sign supplied by

being the intent of this subdivision that holders of valid existing licenses permitting on-premise consumption of alcoholic beverages shall not be required to fulfill any other requirements in order to be issued a bar license.
